

Kevin B.

SKIPPER

Full profile: piedmarinfishing.com/pecheurs/kevin-b

The angler

Kevin B. is the crew's skipper — he's the one putting the boat on fish and reading the water. He's fished his whole life, mostly bass on the St. Lawrence, and he'll swing from finesse to power fishing without hesitating depending on what the day calls for. His personal best is a 50-inch muskie; what he's after is the same fish at 55.

What I can offer

- ✓ Your gear on the water every trip and every tournament, from spring through the ice.
- ✓ Your brand named on my public profile, in the gear section.
- ✓ Honest field testing, with straight feedback — good or bad.
- ✓ Mentions in our posts: tournament photos, video and behind the scenes.

What I can't offer yet

We don't have audience numbers to show you yet, and we're not going to invent any. What we do have: a documented season, a public website, and every intention of doing this properly. If you're after big immediate reach, we're not there. If you'd rather build with a crew that's just starting — and be the first name on our boats — let's talk.

Let's talk

Send us a few lines and we'll get back to you quickly. No fixed packages — we shape it around what makes sense for you.
