

Pied Marin Fishing

A fishing crew from Québec — pike, bass, walleye

2027 Season

Who we are

- ✓ Three multi-species anglers — pike, bass, walleye — on lakes, rivers and the St. Lawrence across Québec, from opening day through to the ice.
- ✓ Three straight Formule Brochet since 2024 — best finish 99th of 329 teams, and two pike on the board every year, in a field where nearly a third go home empty.
- ✓ Two boats on the St. Lawrence and the Richelieu in summer, and two ice-fishing tournaments already on the calendar for winter.
- ✓ A bilingual website and four social channels updated through the season.
- ✓ A directory of more than 30 Québec tournaments, kept current for the whole angling community — not just for us.

What we can offer

Your logo on our boats

Two boats seen at every outing and every tournament.

Your logo on our gear

Team shirts and hoodies, worn at weigh-ins and in photos.

Your logo and link here

A spot on this page and in the site footer.

Mentions in our posts

Tournament photos, video and behind-the-scenes on our channels.

Honest testing of your gear

Real time on the water, and a straight verdict — good or bad.

What we can't offer yet

We don't have audience numbers to show you yet, and we're not going to invent any. What we do have: a documented season, a public website, and every intention of doing this properly. If you're after big immediate reach, we're not there. If you'd rather build with a crew that's just starting — and be the first name on our boats — let's talk.

Let's talk

Send us a few lines: your business and what interests you. We'll shape it around what makes sense for you — no fixed packages.
